

Emergency Procedures and Disaster Plans

The executive director, or designee, will develop and maintain a plan specifying procedures to be used in such emergencies as disorderly conduct, unlawful assembly, disturbances at school activities, natural disasters, fire, illness or injury of a student or staff member, including communicable disease outbreak, and use of force on school property. The executive director, or designee, will consult with community and county agencies while developing this plan.

ATI's Emergency Procedures Plan will meet the standards of the State Board of Education.

Copies of the Emergency Procedures Plan will be available in the school office. Parents will be informed of ATI's plan for the care of students during an emergency situation. The ATI Board may use Oregon Revised Statute (ORS) 192.660(2)(k) to conduct an executive session to consider matters related to school safety or a plan that responds to safety threats made toward ATI, including any building, event, or person associated with ATI.
